APRIM2026 Submission Instructions:

- **Guidelines for presentation will be announced after the notification of abstract acceptance.**
- The abstract would be only submitted exclusively online via this website.
- The Organizers reserve the right to transfer the category of presentations from contributed oral to poster presentation and reject any abstract failure to comply with submission instructions mentioned on this website.
- The presenting author must accept full responsibility for the content, submission, and presentation of the abstract and retain full copyright of their abstract and presentation. By submitting an abstract, authors give consent and authorize the Organizers to publish or submit for publication their abstract and presentation and to include them in any meeting publications.
- The principal investigator should be set as the first author because the meaning of ‘corresponding author’ does not represent the common meaning of the corresponding author.
- The presenting author of an accepted abstract should register and complete the full payment prior to the deadline for conference registration to be included in the program APRIM 2026.
- Each registrant can present or represent up to **2 accepted abstracts, up to 1 oral and/or 1 poster.**
- Please comply with the deadline regarding the abstract submission. The abstracts can NOT be revised after submission.
